

SmartHub- *lite*

Specifications

- **Power Input:**

24 V industrial-grade power compatibility.

- **Mounting Type:**

DIN-rail mount for industrial setups.

- **Connectivity:**

Wi-Fi, Ethernet, LTE with failover capability.

- **Digital I/O:**

2 digital inputs, 2 digital outputs for external device integration.

- **Communication:**

Ethernet as a primary communication interface.

Orion Techno Solutions

Key Features:

1. **Multi-Network Support:** Seamless connectivity with Wi-Fi, Ethernet, and Bluetooth.
2. **Industrial-Grade Design:** Built for 24 V systems with robust DIN-rail mounting for easy installation.
3. **Digital I/O Ports:** Equipped with 2 digital inputs and 2 digital outputs for versatile device integration.
4. **Reliable Power Management:** Optimized for consistent performance under variable voltage conditions.
5. **Environmental Resilience:** Operates effectively in industrial environments with an IP-rated casing for dust and water protection.

Applications:

- Industrial Automation and Control
- IoT Device Hubs
- Smart Home Gateways
- Public Safety Communication Systems
